HRISHIKESH G

II yr Information Technology at SSN College of Engineering

SUMMARY

Second-year IT student at SSN College of Engineering (CGPA: 9.72) who enjoys solving problems and learning by building. Currently exploring Machine Learning and AI, with particular interest in AI applications in healthcare. Values discipline, curiosity, teamwork, and a strong problem-solving mindset — always open to collaborations and communities that help me grow.

EDUCATION

B.Tech, Information Technology

SSN College of Engineering — Kalavakkam, OMR, India

2nd Year | CGPA: 9.72 / 10

PROJECTS

AutoTrack — Vehicle Service Record Management System *Flask, C*

Digitized vehicle service workflows using digital job cards, Built fast vehicle search using a Suffix Tree data structure, Prioritized service requests with a Min-Heap based queue, Maintained persistent in-memory data via a C daemon integrated with the Flask backend

STIRS 2026 – Research Project (Weather Forecasting and Nowcasting using Transformer based model) – Ongoing

HACKATHONS AND COMPETITIONS
